

Specialist Education team

Insurance and Risk Management Solutions for Schools

Oval Insurance Broking (Oval) understand that as schools embrace greater independence and choice that there is a real need for professional independent advice.

We have the experience necessary to assist you in managing risk and putting the most appropriate and cost effective insurance protection in place.

Our experience has shown us that each school is different and has its own particular needs and requirements and our approach is to listen carefully, fully understand and then use our experience to give advice.

Cover can include:

- Employers & Public Liability
- Property Damage
- Business Interruption
- Hirers Indemnity & Liability
- Governors & Trustees Indemnity
- Engineering Inspection
- Personal Accident
- School Trips & Travel
- Minibus & Other Motor
- Legal Expenses including Admissions

Our commitment to you

1. Comprehensive Market Exercise

We have key relationships with a broad range of leading education insurers allowing us to give a wholly independent view of the marketplace. We drive this process through our comprehensive presentations which include technical assessments undertaken by our own in-house surveyors. This work aides our negotiations with insurers as we are able to provide detailed in-sight and source competitive terms as a consequence. We scrutinise and assess responses and prepare a comprehensive document summarising these results.

2. Experienced Account Management Support

We provide regular contact with all our education clients to ensure changes in the school are reflected in the insurance programme. This aids our understanding of your requirements and helps create an open and long-term relationship.

3. Programme Design

We recognise that schools have specific insurance requirements and we are well-versed in integrating these into a bespoke programme. Our experience is used to determine covers which a school should consider including Governor's & Trustees Indemnity, comprehensive liability and protection against failure to educate claims.

4. Technical Risk Management Support

Oval has its own technical Risk Management team, Oval Risk Services, who are available to give the latest advice across a range of related disciplines including Health & Safety, Security, Fire Protection and Business Continuity Plans. Specific projects will be scoped and costed for each school depending on requirements.

The Oval group

The Oval group has annual revenues of over £100m, over 1,200 employees and 27 offices around the UK, ensuring we are able to provide all clients with a first class, local service, delivered by people who understand their needs.

As part of the Oval group, Oval is one of the fastest growing risk management and commercial insurance advisers in the UK and already a top 10 broker. In a recent survey of our commercial insurance clients the

majority of those surveyed said they would be happy to recommend us.

Oval is a dynamic, customer-focused organisation, driven by a passion for delivering value, service and integrity to our clients on any scale. Our key strength lies in the design of bespoke, highly competitive insurance solutions to meet the exacting needs of your business.

At Oval, we are committed to our core values of working with honesty and integrity whilst striving to be innovative and creative in our approach. Our overarching objective is to give you the support and advice you need to help you achieve the aims and goals you have for your school.
